Capitalized terms used in this Agreement but not otherwise defined shall have the meanings given them in the Manual.

Oncor has reviewed your FA and has accepted the project specified in the FA at _____ kW and _____ kWh. The amount of incentive reserved for such project is \$_____ and the deposit of \$_____ * (if applicable) is refundable provided at least 75% of the contracted kW is approved in the Savings Report and the Savings Report is submitted within 20 calendar days of approval of the Savings Report Submittal date below.

The projected final Savings Report submittal date will be **MM-DD-YYYY** for this project. This project may require successful completion of an approved measurement and verification plan if instructed by the Program Manager.

These are the contracted values and dates for the project. Please have the proper person in your organization sign below to indicate acceptance of these terms and attach a copy in EEPM under the Attachments tab for this project.

Please note that by execution of this Agreement you understand and agree that the project will be performed in accordance with, and be subject to, the terms and conditions set forth in the Manual, the FA, the Texas Energy Efficiency Market Agreement (the "Umbrella Agreement"), and the Commercial Standard Offer Program Agreement (the "Standard Contract"). By execution of this Agreement, you also reaffirm the binding nature of the Umbrella Agreement and the Standard Contract and represent and warrant that each of such agreements was duly and properly executed on your behalf. This Agreement shall be considered an addendum to the Standard Contract.

Oncor may, in its sole discretion, revoke acceptance of this Agreement if an executed copy of this Agreement is not attached in EEPM under the "Attachment" tab (with Measurement and Verification Plan and sampling if required) for this project.
